

Points to re-check:

- your device should be connected to a charger;
- your device should be placed on a dashboard the way the DOT officer has a full view without entering a truck;
- you should be logged in to our system using your credentials.

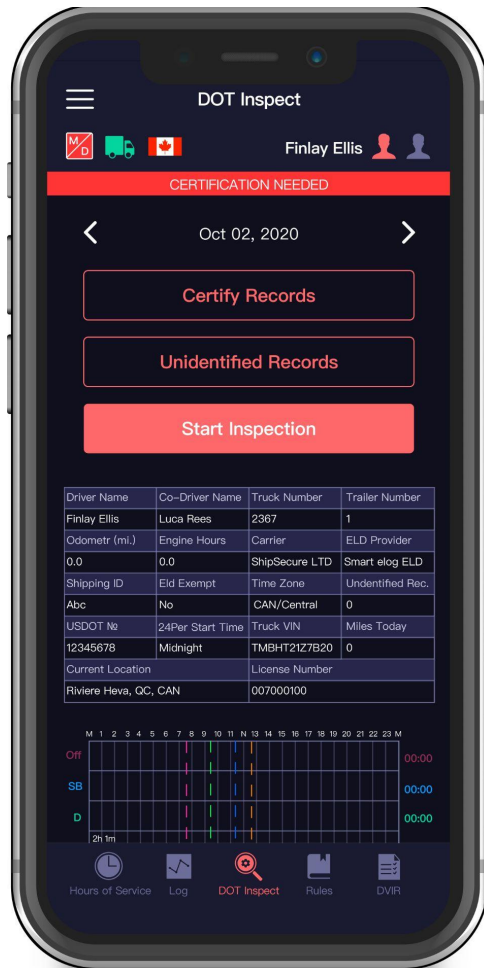

1.  Sidebar menu
2.  Malfunctions indicator
3.  Truck connection
4.  Country rule set
5.  Current driver name
6.  Co-drivers' switch
7.  Current Status / Status Switch
8.  HOS counter

¹ Smart eLog is compliant with the Federal Motor Carrier Safety Regulations CFR §395.15 and 49 CFR 395.20 et seq.
Smart eLog is compliant with Section 83 of The Commercial Vehicle Drivers Hours of Service Regulations regarding the use of the electronic logging devices.

Inspection instructions

For a driver:

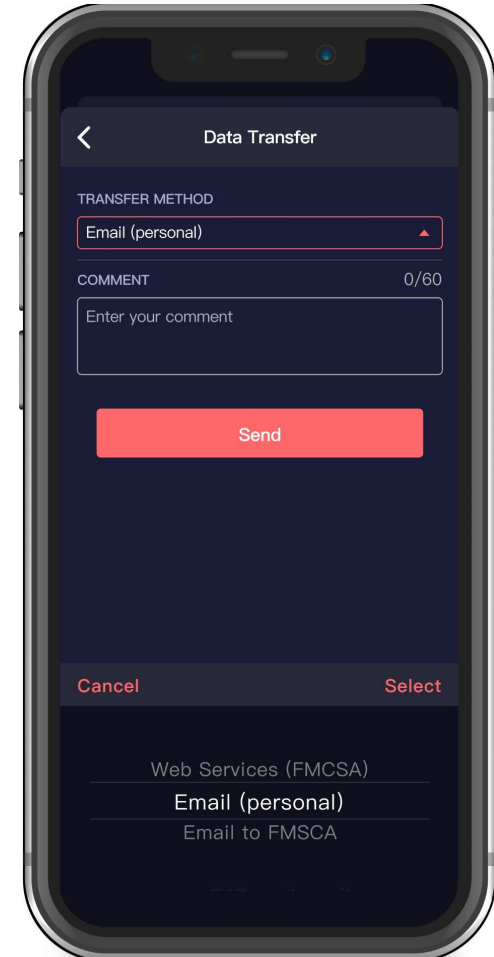

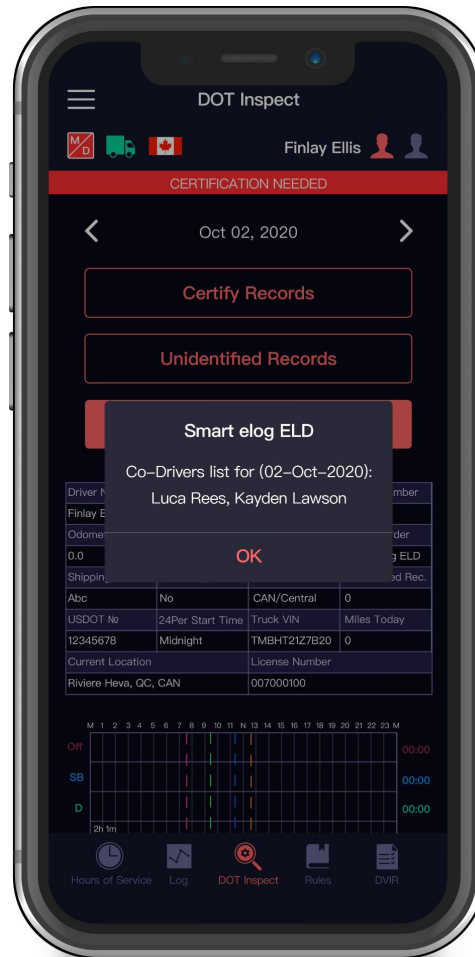

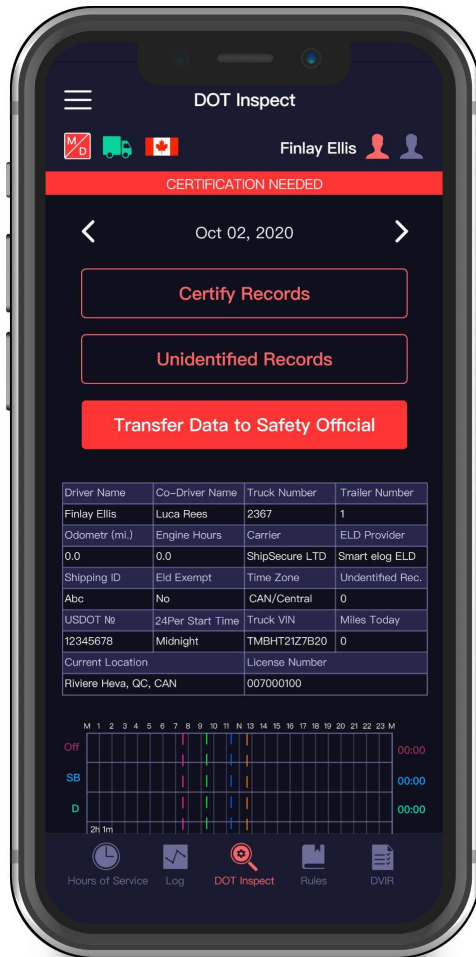

Step 1: Open Inspecti page

Step 2: Pass the devi to the inspector

For an inspector:

-  icon shows whether there are any malfunctions or data inconsistencies;
-  icon shows whether the truck is connected and the system is in the ELD mode;
- <> icons allow you to select a date to inspect;
- the form contains all data regarding vehicles, driver, and carrier;
- the graph shows the status change data;
- the table shows detailed data regarding each event.

² If you need any more help, you may contact us via phone at +1 916 426-0816 or email at info@smartelog.com

If you need to send Data to FMCSA directly via email or web or you need to send data to the personal email - you should click the 'Start Inspection' and later 'Transfer Data to Safety Official'.

Please, pay attention that here you will see a list of all the co-drivers operating the same truck during the last 15 days period.

You may select one of the three options for sending: via web services to the FMCSA directly, via email to the FMCSA or any other account. You may also add comment if needed.

The image shows a smartphone screen displaying the "Data Transfer" interface. The "TRANSFER METHOD" is set to "Email (personal)". The "EMAIL" field contains the placeholder text "Enter an Email". The "RULES" dropdown menu is expanded, showing options for "CAN", "CAN", and "USA". The "COMMENT" field contains the placeholder text "Enter your comment" and a character count of "0/60". At the bottom, there are two red buttons: "Generate a Report for Today" and "Generate a Report for the next 15 days".

The image shows a smartphone screen displaying the "Data Transfer" interface. The "TRANSFER METHOD" is set to "Email (personal)". The "EMAIL" field contains the placeholder text "Enter an Email". The "RULES" dropdown menu is collapsed, showing only the "CAN" option. The "COMMENT" field contains the placeholder text "Enter your comment" and a character count of "0/60". At the bottom, there are two red buttons: "Generate a Report for Today" and "Generate a Report for the next 15 days".

If you select Email (Personal), you need to select your country (for Canada, it is CAN). Then you need to enter the recipient's mailbox.

Here you have two options to send the logs: choosing "Generate Report for Today" or "Generate Report for the last 15 days".
